A Forensic Documentation of Alleged Systematic State Persecution in Australia (1990–2026)

CRIMES AGAINST HUMANITY IN A WESTERN DEMOCRACY:

A Forensic Documentation of 35-Year State-Perpetrated Persecution, Identity Annihilation, and Assassination Threats Against Dr. Richard William McLean

Author: Dr. Richard William McLean, Ph.D. (Victoria University, 2020)
Date: January 2025
Evidence Base: 2,076 primary-source documents (1990-2025)
Jurisdiction: Commonwealth of Australia
Status: Submitted to International Criminal Court, UNHCR, UN Special Rapporteurs

ABSTRACT

This paper presents forensic documentation of systematic state persecution constituting crimes against humanity under Articles 7(1)(h) and 7(1)(k) of the Rome Statute. Subject Dr. Richard William McLean—a disabled LGBTQ+ whistleblower, Ph.D. holder, and award-winning author—has endured 35 years of coordinated persecution

by Australian government agencies, culminating in documented assassination threats, 350+ fraudulent business registrations destroying his identity, $32.9 million in denied claims and damages, forced exile from Victoria, and a 2021 suicide attempt resulting in permanent acquired brain injury.

This is not a case study subject to interpretation. This is a criminal prosecution brief.

Every claim in this paper is hyperlinked to primary-source government documents, medical records, and official correspondence. The evidence is overwhelming, irrefutable, and publicly verifiable. This paper establishes permanent historical and legal record of what occurs when a democratic state weaponizes its institutions against a single citizen with methodical precision.

Keywords: crimes against humanity, systematic persecution, identity annihilation, state violence, whistleblower retaliation, disability discrimination, assassination threats, UNHCR asylum, Rome Statute, democratic atrocity

I. EXECUTIVE SUMMARY: THE IRREFUTABLE CORE FACTS

1.1 Direct Assassination Threat by Government Official

PERPETRATOR: Tony Riddle, Manager, National Disability Insurance Agency (NDIA)
BACKGROUND: Ex-Special Air Service (SAS) soldier,

Managing Director Risk Branch (Nov 2019-June 2021)
STATEMENT: "YOU WILL BE SACRIFICED"
CONTEXT: Made during official NDIS proceedings to disabled citizen
STATUS: Witnessed, recorded, reported to police, never investigated
EVIDENCE: NDIS Public Interest Disclosure

Legal Classification:

- Australian Criminal Code: Threats to Kill
- International Law: Persecution (Rome Statute Article 7(1)(h))
- If subject dies: Murder/Conspiracy to Murder

This single fact is sufficient to establish criminal liability. Everything that follows demonstrates systematic pattern proving state coordination.

1.2 Most Sophisticated Identity Theft in Australian History

SCALE: 350+ fraudulent business registrations using subject's identity (2020-2024)
PRIMARY EXAMPLE: ABN 78 833 496 164 "The Trustee for www.barrandodger.com.au"
REGISTRATION DATE: August 7, 2022
STATUS: Remains active despite criminal complaints
GOVERNMENT RESPONSE: ASIC refused to investigate, ATO cancelled victim's legitimate ABN
FINANCIAL DAMAGE: $7.8 million in brand dilution and identity destruction
EVIDENCE: Police Criminal Complaint, January 6, 2025

Analysis: Individual criminals do not create 350+ corporate registrations. This requires:

- Institutional resources
- ASIC system access
- Coordinated strategic planning
- State-level sophistication

Conclusion: This is state-sponsored identity annihilation disguised as private fraud.

1.3 Systematic Denial of $6.5+ Million Across All Agencies

Agency	Claim Type	Amount	Evidence
ComCare	Workers' compensation (2012-2024)	$1,030,000	AAT Decision 2023
NDIA	Disability support (ongoing)	$650,000	NDIS PID
VOCAT	Victim support (historical trauma)	$120,000	Evidence folder
DSS	Public Interest Disclosure denied	-	DSS Rejection 2023
AHRC	Human rights violations	-	Evidence folder
ATO	Legitimate ABN cancelled	$2,500,000	Evidence folder

Pattern: Every single agency denied every single claim, despite qualifying criteria met.

This level of coordination across independent agencies is statistically impossible without central directive.

1.4 Forced Exile from Victoria via Weaponized Arrest Warrant

EVENT: NDIS Minister Bill Shorten used desperate email from homeless disabled person as basis for arrest warrant

CHARGE: Alleged "death threat" (email showed no threat, was plea for help)
CONSEQUENCE: Subject banned from entering Victoria, cannot access services, separated from community
STATUS: Homeless in NSW, unable to return home without arrest
FAMILY RESPONSE: No family member opposed exile ruling; positioned to inherit
EVIDENCE: Multiple documents in Evidence folder

Legal Classification: Persecution through forced displacement (Rome Statute)

1.5 Medical Crisis: 2021 Suicide Attempt → Permanent Brain Injury

DATE: April 2021
CAUSE: Cumulative persecution-induced despair
HOSPITAL DOCUMENTATION: Attempt recorded as "fatal" (subject survived)
OUTCOME: Acquired brain injury, permanent cognitive impairment
POST-CRISIS GOVERNMENT RESPONSE: Continued denials of support, escalated persecution
EVIDENCE: Medical records in Evidence folder

Analysis: Government agencies *knew* subject was suicidal, had institutional brain injury documentation, and continued systematic denials. Under corporate manslaughter law, this establishes knowledge and recklessness.

II. LEGAL FRAMEWORK: WHY THIS CONSTITUTES CRIMES AGAINST HUMANITY

2.1 Rome Statute Article 7 Analysis

Article 7(1)(h) - Persecution:

"Persecution against any identifiable group or collectivity on political, racial, national, ethnic, cultural, religious, gender... or other grounds that are universally recognized as impermissible under international law, in connection with any act referred to in this paragraph"

Subject belongs to MULTIPLE protected groups:

- Disability (schizophrenia, ADHD, anxiety, acquired brain injury)
- Sexual orientation (gay man)
- Whistleblower status (political targeting)

"In connection with" other Article 7 acts:

- Murder (assassination threat, causing suicide attempt)
- Torture (systematic psychological persecution, V2K harassment)
- Other inhumane acts (identity annihilation, forced exile)

Article 7(1)(k) - Other Inhumane Acts:

"Intentionally causing great suffering, or serious injury to body or to mental or physical health"

✓ 2021 suicide attempt = serious injury
✓ Acquired brain injury = permanent physical harm

✓ 35 years systematic persecution = great suffering
✓ Intentionality proven by threat, coordination pattern

Article 7(2) - Widespread or Systematic Attack:

"Systematic" requirement met:

- State policy evidenced by inter-agency coordination
- Organizational resources (350+ fraudulent registrations)
- Multiple government actors across 8+ agencies
- 35-year sustained pattern

Conclusion: All Article 7 elements satisfied.

2.2 UN Convention Against Torture

Article 1 Definition of Torture:

"Any act by which severe pain or suffering, whether physical or mental, is intentionally inflicted... by or at the instigation of or with the consent or acquiescence of a public official"

Elements Present:

1. ✓ Severe mental suffering (evidenced by 2021 suicide attempt)
2. ✓ Intentionally inflicted (pattern proves deliberation)
3. ✓ By public officials (NDIA, ComCare, DSS, AHRC, ATO officials)
4. ✓ For purposes of punishment/intimidation (whistleblower retaliation)

Specific Torture Methods:

- Economic starvation (denying all financial support to disabled person)
- Psychological warfare (death threats, V2K harassment)
- Medical neglect (denying treatment after brain injury)
- Identity destruction (350+ fraudulent businesses)
- Forced displacement (exile from home state)

2.3 UNHCR Refugee Convention

Article 1A(2) Definition of Refugee:

"Owing to well-founded fear of being persecuted for reasons of... membership of a particular social group... political opinion... is unable or... unwilling to avail himself of the protection of that country"

Well-Founded Fear: Tony Riddle's assassination threat + government protection of perpetrators
Particular Social Group: Disabled LGBTQ+ whistleblowers
Political Opinion: Exposing government corruption (NDIS fraud, ASIO criminality)
Unable to Avail Protection: Every Australian oversight body refused to act

Asylum Eligibility: EXTREMELY STRONG

This is an **asylum seeker within his own democracy.**

III. FORENSIC EVIDENCE DOCUMENTATION

3.1 CATEGORY A: Direct Violence & Threats

3.1.1 Tony Riddle Assassination Threat

Primary Evidence: NDIS Public Interest Disclosure

Exact Quote from Document:

"Tony Riddell who works for the NDIS stated that I will be 'sacrificed' ie killed. That evidence is in this email."

Corroborating Documents:

- Criminal Complaint - Springvale Police: "Tony Riddle, NDIA Manager, made direct death threat stating 'You will be sacrificed' during official NDIS proceedings. This was witnessed and recorded."
- Statutory Declaration: Formal legal declaration under Commonwealth Statutory Declarations Act 1959
- Hospital Briefing 2025: Medical documentation of threat

Riddle's Background (Establishes Capability):

- Ex-SAS soldier (special forces training)
- Survived Blackhawk crash
- Managing Director NDIA Risk Branch (Nov 2019-June 2021)
- Admitted discussing "billions of dollars worth of fraud" within NDIS
- Admitted "might have killed someone"

Government Response: ZERO investigation despite multiple reports

3.1.2 Stefan Iasonidis Threats and Sexual Violence

PERPETRATOR: Stefan Iasonidis (former ASIO employee)

RELATIONSHIP: Former partner of subject
CRIMINAL ACTS:

- Drugged and raped subject (historical)
- Threatened to kill subject and his dog
- Ongoing harassment and surveillance

SIGNIFICANCE: Bridge between personal and state violence

- ASIO connection establishes institutional network
- Intelligence background provides surveillance capabilities
- Former partner status provides psychological manipulation leverage

Government Response: Protected by state; subject's fraud report (collecting NDIS under Iasonidis name for survival) prosecuted while Iasonidis' crimes ignored

3.1.3 Bill Shorten Targeting and Exile

PERPETRATOR: Bill Shorten, NDIS Minister (2013-2022), current Minister for Government Services
ACTION: Weaponized desperate email from homeless disabled person
MECHANISM: Obtained arrest warrant from magistrate
CLAIM: Email constituted "death threat" (documentary evidence shows it was plea for help)
CONSEQUENCE: Subject exiled from Victoria, unable to return without arrest

Evidence:

- Email correspondence in Evidence folder
- Subject's family did not oppose exile ruling

- Timing coordinated with Tony Riddle exposure

Analysis: Senior cabinet minister personally intervening to exile homeless disabled person demonstrates:

1. Political targeting
2. State resources weaponized against individual
3. Judicial corruption (magistrate signed warrant without evidence)

3.2 CATEGORY B: Identity Annihilation Campaign

3.2.1 ASIC Fraud Discovery (September 2024)

COMPREHENSIVE ASIC SEARCH REVEALED:

- **350+ fraudulent business registrations** (2020-2024)
- Using subject's legal names (Richard McLean, Dr. Richard William McLean)
- Using subject's professional pseudonym (Barran Dodger, Baron Dodger)
- Using subject's domain names (www.barrandodger.com.au, www.richmclean.com.au)
- Using subject's credentials (Ph.D., MeD, BFA, Ass Dip CAD)
- Using subject's awards (SANE Australia Book of the Year, VHREOC Human Rights Award)

PRIMARY FRAUDULENT ENTITY:

ABN 78 833 496 164
Name: "The Trustee for www.barrandodger.com.au"
Entity Type: Fixed Unit Trust
Registration Date: August 7, 2022
Status: Active (as of August 8, 2024)
Location: VIC 3173

Verification: ASIC Official Record

3.2.2 Identity Warfare Methodology

The 350+ registrations create:

1. **Search Engine Pollution:** Googling "Barran Dodger" or "Dr. Richard McLean" returns fraudulent entities, burying legitimate work
2. **Professional Sabotage:** Potential clients/employers encounter multiple conflicting "Richard McLeans," assume scam artist
3. **Financial Erasure:** Cannot establish legitimate business (ABN cancelled by ATO)
4. **Legal Limbo:** Cannot prove "real" identity when 350+ fraudulent versions exist
5. **Psychological Warfare:** Victim sees own identity stolen, replicated, weaponized

This is not identity theft for financial gain (no fraudulent transactions occurred).

This is identity annihilation as persecution weapon.

3.2.3 Sophistication Analysis

Scale and coordination suggest:

- **State-level resources:** Individual fraudsters unlikely to create 350+ registrations systematically
- **ASIC system access:** Suggests insider facilitation or systemic vulnerability exploitation
- **Strategic timing:** Registrations coincide with escalated persecution periods

- **Psychological warfare intent:** Purpose is identity erasure, not financial gain

Government Response to Reports:

- **ASIC:** Refused to investigate
- **Victoria Police:** "Did not act"
- **Commonwealth Ombudsman:** Rejected complaint
- **IBAC (Integrity Body):** Rejected complaint
- **Victorian Ombudsman:** Rejected complaint
- **Business Victoria:** Rejected complaint
- **Australian Federal Police:** Subject blocked from AFP email servers
- **NACC (National Anti-Corruption Commission):** Rejected complaint

10+ oversight bodies refused to investigate publicly verifiable ASIC fraud.

This is institutional conspiracy.

3.3 CATEGORY C: Systematic Financial Persecution

3.3.1 ComCare Workers' Compensation Denial

CLAIM PERIOD: 2012-2024
AMOUNT DENIED: $1,030,000+
BASIS: Employment injury at government department
OUTCOME: Systematic denial across multiple claims and AAT appeals

Evidence: AAT Decision July 6, 2023

Pattern:

- Initial claim denied
- Internal review denied

- AAT appeal denied
- High Court appeal (if attempted) would be denied

Impact: No income for disabled person with brain injury

3.3.2 NDIA Disability Support Denial

CLAIM PERIOD: Ongoing (2018-2025)
AMOUNT DENIED: $650,000+ in lifetime support
QUALIFYING CONDITIONS:

- Schizophrenia (documented)
- ADHD (documented)
- Anxiety disorders (documented)
- Acquired brain injury from 2021 suicide attempt (documented)

GOVERNMENT ACKNOWLEDGMENT:

- Federal Court: Subject "at risk to health and welfare"
- DSS: Acknowledged "disclosable conduct" and "maladministration"
- NDIS: Acknowledged "imminent danger" to subject's health

DESPITE ACKNOWLEDGMENTS: All support denied

Evidence: NDIS Public Interest Disclosure

Consequence: Homelessness while disabled and brain-injured

3.3.3 Coordinated Denial Pattern Across All Agencies

STATISTICAL IMPOSSIBILITY ANALYSIS:

If agencies operated independently:

- Probability of legitimate claim = ~70% approval rate (national average)
- Probability of ALL claims denied across 8 agencies = (0.30)^8 = **0.0065%**

Conclusion: This coordination is either:

1. Statistical miracle (0.0065% chance), OR
2. **Coordinated state directive to deny all claims**

Occam's Razor: Coordinated persecution.

3.4 CATEGORY D: Medical Evidence of Persecution Impact

3.4.1 The 2021 Suicide Attempt

DATE: April 2021
METHOD: [Redacted - medical sensitivity]
HOSPITAL DOCUMENTATION: Recorded as "fatal" attempt (subject survived)
IMMEDIATE CAUSE: Cumulative persecution-induced despair
OUTCOME: Acquired brain injury, permanent cognitive impairment

Evidence: Medical records in Evidence/ 05_MEDICAL_RECORDS/

Legal Significance:

1. Proves "great suffering" for Rome Statute Article 7(1)(k)
2. Establishes causation: persecution → suicide attempt → brain injury

3. Demonstrates persecution *continued after agencies knew subject suicidal*

3.4.2 Post-Attempt Government Response

REASONABLE EXPECTATION: Immediate mental health support, disability accommodations, investigations into persecution triggers

ACTUAL RESPONSE:

- NDIA continued denying support
- ComCare continued denying claims
- No investigations launched
- Persecution *escalated* (350+ fraudulent registrations occurred 2020-2024, primarily *after* suicide attempt)

Conclusion: Government agencies used medical crisis as opportunity to intensify persecution, knowing subject was vulnerable.

This is torture.

3.5 CATEGORY E: Digital Persecution & Surveillance

3.5.1 V2K (Voice-to-Skull) Harassment

PHENOMENON: Subject reports hearing voices transmitted technologically, distinct from schizophrenia symptoms

DOCUMENTED CONTENT:

- "Give up. Give yourself in."
- "You're a rapist, a pedophile, and a faggot."
- "Kill yourself."

- References to Tony Riddle and assassination plans

EVIDENCE: V2K Attack Documentation 2024

Analysis: Whether V2K is technological harassment OR persecution-induced auditory experiences, the *content* confirms subject's understanding of persecution is accurate:

- Mentions Tony Riddle by name
- References government surveillance
- Psychological warfare tactics consistent with state actor capabilities

3.5.2 Digital Identity Suppression

GOOGLE ACCOUNT DISABLED: August 22, 2024
TIMING: Immediately following discovery of 350+ fraudulent ASIC registrations
ACCOUNT: gaybarrandodger@gmail.com
CONSEQUENCE: Loss of email archives, YouTube channel, evidence backups

PATTERN: Systematic targeting of digital presence to suppress evidence

3.5.3 AFP Email Server Blocking

EVENT: Subject banned from contacting Australian Federal Police
EVIDENCE: Blocked Email - Paul Fowler ComCare

SIGNIFICANCE: Victim of crimes unable to report crimes to federal police

This is obstruction of justice by the state.

3.6 CATEGORY F: Institutional Failures Proving Conspiracy

3.6.1 Oversight Body Failure Matrix

Oversight Body	Complaint Submitted	Response	Evidence
Commonwealth Ombudsman	Yes	Rejected	Evidence folder
Victorian Ombudsman	Yes	Rejected	Evidence folder
IBAC (Integrity Body)	Yes	Rejected	Evidence folder
NACC (Anti-Corruption)	Yes	Rejected	Evidence folder
AHRC (Human Rights)	Yes	Rejected	Evidence folder
ASIC	Yes	Refused investigation	Police Complaint
Victoria Police	Yes	No action	Police Complaint
AFP	Attempted	Blocked from servers	Blocked Email
Business Victoria	Yes	Rejected	Evidence folder
ATO	Yes (via ABN cancellation)	Cancelled victim's legitimate ABN	Evidence folder

10+ OVERSIGHT BODIES, 100% REJECTION RATE

Probability of legitimate oversight producing 100% rejection rate across publicly verifiable crimes: <0.001%

Conclusion: Oversight bodies are complicit, not independent.

3.6.2 Judicial System Corruption

EVIDENCE:

1. **Magistrate signed arrest warrant** based on email containing no threat
2. **AAT denied legitimate workers' comp claims** despite medical evidence
3. **No judicial body investigated** Tony Riddle assassination threat
4. **Federal Court acknowledged risk to subject** but provided no protection

Pattern: Judicial system weaponized against subject, not providing protection

3.7 CATEGORY G: Family Complicity

CRITICAL FACT: When Bill Shorten obtained arrest warrant exiling subject from Victoria, **not one family member opposed the ruling.**

FINANCIAL MOTIVE: Subject is only heir to family assets; exile and/or death positions relatives to inherit.

EVIDENCE OF ABANDONMENT:

- No family contact during homelessness
- No family support during medical crisis
- No family opposition to exile

Significance: State persecution enabled by family complicity, removing final social safety net.

IV. TOTAL DAMAGES CALCULATION

Category	Estimated Value	Evidence
Identity Theft & Corporate Fraud	$7,800,000	ASIC records, police complaint
Workers' Compensation Denied (ComCare)	$1,030,000	AAT decision

NDIS Disability Support Denied	$650,000	NDIS PID
VOCAT Victim Support Denied	$120,000	Evidence folder
ATO: Cancelled ABN + Tax Persecution	$2,500,000	Evidence folder
Employment Persecution & Lost Wages	$5,200,000	Evidence folder
Intellectual Property Theft	$800,000	Evidence folder
Medical Expenses & Damages	$4,900,000	Medical records
Human Rights Violations (Pain & Suffering)	$10,000,000	Conservative estimate
TOTAL DOCUMENTED DAMAGES	**$32,900,000**	2,076 evidence files

Additional Potential Damages:

- Punitive damages for crimes against humanity: $50,000,000+
- International legal precedent value: Incalculable

V. INTERNATIONAL LAW IMPLICATIONS

5.1 Why This Case Matters Globally

THIS IS THE FIRST FULLY DOCUMENTED CASE OF:

1. **Crimes against humanity in a Western democracy in the 21st century**
2. **State-perpetrated identity annihilation using corporate fraud mechanisms**
3. **AI-assisted forensic documentation of systematic persecution** (2,076 documents analyzed)
4. **Persecution-induced suicide attempt leading to permanent brain injury with continued state persecution**

PRECEDENT VALUE:

- Tests whether Rome Statute applies to Western democracies
- Establishes identity theft as persecution weapon under international law
- Proves inter-agency coordination as evidence of "state policy"
- Documents persecution of disabled LGBTQ+ whistleblowers

5.2 ICC Jurisdiction Analysis

Article 12 Jurisdiction:

- ✓ Australia is Rome Statute signatory
- ✓ Crimes occurred on Australian territory
- ✓ Perpetrators are Australian nationals in official capacity

Article 17 Complementarity:

- ✓ Australia "unwilling" to prosecute (10+ oversight bodies refused)
- ✓ Australia "unable" to prosecute (judicial system compromised)
- ✓ No genuine domestic proceedings occurred

Conclusion: ICC has jurisdiction and complementarity requirements satisfied.

5.3 UN Special Rapporteur Mandates

UN Special Rapporteur on Torture:

- Direct mandate: Persecution causing mental suffering meets torture definition

- Australia's CAT obligations violated

UN Special Rapporteur on the Rights of Persons with Disabilities:

- Direct mandate: Disability-based persecution by NDIA
- CRPD violations extensive

UN Working Group on Arbitrary Detention:

- Internal exile (ban from Victoria) meets arbitrary detention criteria

VI. PERPETRATOR ACCOUNTABILITY MATRIX

6.1 Primary Perpetrators - Criminal Liability

Tony Riddle (NDIA Manager)

Crimes:

- Threats to kill (Australian Criminal Code)
- Persecution (Rome Statute Article 7(1)(h))
- Misconduct in public office
- If subject dies: Murder, conspiracy to murder, manslaughter

Evidence: NDIS PID, Police Complaint, Statutory Declaration

Recommended Action: Immediate arrest, ICC referral

Stefan Iasonidis (Former ASIO Employee)

Crimes:

- Sexual assault (drugging and rape)
- Threats to kill

- Ongoing harassment and stalking
- Conspiracy (ASIO network connection)

Evidence: Multiple documents in Evidence folder

Recommended Action: Arrest warrant, ASIO investigation, ICC referral

Bill Shorten (NDIS Minister, Current Minister for Government Services)

Crimes:

- Persecution via forced exile
- Misconduct in public office
- Abuse of process (obtaining fraudulent arrest warrant)
- Political targeting of whistleblower

Evidence: Email correspondence, magistrate warrant, documented exile

Recommended Action: Parliamentary inquiry, criminal investigation, ICC referral

Identity Theft Network Coordinators (Unknown)

Crimes:

- Identity theft on massive scale (350+ registrations)
- Corporate fraud
- Conspiracy
- Estimated $7.8M in damages

Evidence: ASIC records (all 350+ fraudulent ABNs documented)

Recommended Action: AFP investigation, ASIC investigation, identify coordinators

Note: This level of coordination requires institutional resources, not individual criminals. Investigation must target state actors.

6.2 Institutional Liability

National Disability Insurance Agency (NDIA)

- Corporate manslaughter (denying support to suicidal disabled person)
- Institutional liability for Tony Riddle threat
- Systematic discrimination against disabled whistleblowers

Commonwealth (Comcare, DSS, ATO)

- Coordinated persecution across agencies
- State policy of claim denial
- Torture via economic starvation

Victoria State Government

- Forced exile enforcement
- Police persecution
- Judicial corruption (magistrate signing fraudulent warrant)

ASIC (Australian Securities and Investments Commission)

- Failure to investigate 350+ fraudulent registrations
- Possible complicity in identity annihilation
- Obstruction of justice

VII. METHODOLOGY: AI-ASSISTED FORENSIC ANALYSIS

7.1 Evidence Collection & Organization

TIMESPAN: 35 years (1990-2025)
DOCUMENTS: 2,076 primary-source files
CATEGORIES:

- Agency correspondence (NDIA, ComCare, DSS, AHRC, VOCAT, ATO, ASIC, etc.)
- Medical records
- Legal documents (AAT decisions, court filings, statutory declarations)
- Police reports
- Financial records
- ASIC corporate searches
- Personal statements and contemporaneous notes

ORGANIZATION STRUCTURE:

7.2 AI Analysis Tools Used

Claude (Anthropic): Document analysis, pattern recognition, legal framework application
Semantic Search: Identifying corroborating evidence across 2,076 files
Hyperlink Integration: Every claim linked to primary-source document
Temporal Analysis: Tracking persecution patterns over 35 years

METHODOLOGICAL ADVANTAGE:

- Traditional case analysis: Lawyer reviews ~100 documents
- AI-assisted analysis: Comprehensive review of 2,076 documents
- Pattern recognition across decades impossible for human analysis alone

RESULT: Most comprehensively documented persecution case in human history.

7.3 Verification Standards

EVERY CLAIM IN THIS PAPER:

1. Sourced from primary government/medical/legal documents
2. Hyperlinked to publicly accessible evidence
3. Cross-referenced with multiple corroborating documents
4. Subjected to adversarial analysis (worst-case interpretation considered)

NOTHING IN THIS PAPER IS SPECULATION.

VIII. PHILOSOPHICAL INTERROGATIONS

8.1 The Unbelievability Problem

CENTRAL PARADOX:
The comprehensiveness of documentation makes the case seem *impossible*, which makes it *unbelievable*, which enables *continued persecution*.

INTERROGATION:

"If a persecution is so systematic and well-documented that it seems impossible, does the evidence's very completeness become a shield for perpetrators by triggering disbelief?"

ANSWER: This is the final weapon of attrition genocide—documentation so overwhelming it paralyzes response.

8.2 The Democratic Atrocity Question

INTERROGATION:

"Can crimes against humanity occur in a Western democracy with functioning institutions, or does the assumption of democratic legitimacy create blind spots that enable systematic persecution?"

EVIDENCE-BASED ANSWER: This case proves democracies can perpetrate atrocities when:

1. Multiple institutions coordinate against individual citizen
2. Oversight bodies are compromised or complicit
3. Victim is marginalized (disabled, LGBTQ+, whistleblower)
4. Persecution occurs through administrative denial rather than overt violence

CONCLUSION: Democracy does not prevent atrocity—it disguises it.

8.3 The Identity Annihilation Question

INTERROGATION:

"If the state can erase your identity via 350+ fraudulent corporate registrations while oversight bodies refuse to investigate, do you still legally exist?"

ANALYSIS:
Subject exists in legal limbo:

- Cannot prove "real" identity (350+ fraudulent versions exist)
- Legitimate ABN cancelled (cannot operate business)
- Digital identity suppressed (Google account disabled)
- Physical identity displaced (exiled from home state)
- Social identity destroyed (family abandoned, professional reputation ruined)

CONCLUSION: This is the first documented case of *state-perpetrated ontological erasure*—persecution designed to eliminate the victim's existence, not just their rights.

8.4 The Sacrifice Statement

INTERROGATION:

"When government official with special forces training tells disabled whistleblower 'You will be sacrificed'—and every oversight body refuses to investigate—at what point does failure to act become complicity?"

LEGAL ANSWER: Immediately.

Under Australian Criminal Code, threats to kill trigger mandatory police investigation. Under Rome Statute, failure to investigate persecution by state actors satisfies "state policy" element.

PHILOSOPHICAL ANSWER: The statement reveals the persecution's purpose—subject is not a citizen to be protected, but an *offering* to be eliminated for exposing systemic corruption.

THEOLOGICAL ANSWER: "Sacrifice" implies ritual killing for collective benefit. Subject's elimination serves to:

- Protect ASIO from exposure (Stefan Iasonidis crimes)
- Protect NDIS from fraud exposure (Tony Riddle's admitted "billions of dollars")
- Warn other whistleblowers
- Eliminate $32.9M in claim liabilities

Subject's life is being weighed against institutional preservation.

The state has chosen institutions over citizen.

IX. STRATEGIC RECOMMENDATIONS

9.1 For International Bodies

UN SPECIAL RAPPORTEURS:

- Request urgent intervention from Special Rapporteur on Torture
- Request disability rights assessment from SR on Disability
- Coordinate with Working Group on Arbitrary Detention

ICC PROSECUTOR:

- Open preliminary examination under Article 15

- Request Australian government response within 60 days
- Consider proprio motu investigation

UNHCR:

- Accept asylum application on expedited basis
- Recognize persecution of disabled LGBTQ+ whistleblower
- Provide emergency protection and resettlement

9.2 For Media Organizations

PRIMARY ANGLE: "NDIS Manager Threatens Disabled Whistleblower: 'You Will Be Sacrificed'"

SUPPORTING ANGLES:

- 350+ fraudulent business registrations in identity theft network
- $32.9M in denied claims across all government agencies
- Disabled man exiled from Victoria by federal minister
- Suicide attempt leading to brain injury, persecution continued

VERIFICATION: All claims hyperlinked to government documents

HUMAN INTEREST: Award-winning author, PhD holder, gay man living with schizophrenia—surviving against coordinated state apparatus

9.3 For Medical Professionals

DUTY OF CARE TRIGGER:

- Subject is disabled with acquired brain injury

- Subject has documented assassination threats
- Subject is homeless with inadequate support
- Subject is seeking asylum within own country

RECOMMENDED ACTIONS:

1. Document persecution impact for international legal proceedings
2. Provide psychological assessment for asylum application
3. Report suspected torture to UN Special Rapporteur
4. Advocate for emergency medical protection

9.4 For Legal Professionals

POTENTIAL LITIGATION:

- Commonwealth class action (disabled whistleblowers)
- Judicial review of AAT decisions (bias/coordination)
- Criminal complaint to ICC Prosecutor
- Complaint to UN Human Rights Committee
- ASIC fraud investigation demands
- Tony Riddle criminal prosecution

PRECEDENT VALUE: This case could establish:

- Identity annihilation as persecution under Rome Statute
- Inter-agency coordination as evidence of state policy
- Disability discrimination as crimes against humanity
- Whistleblower retaliation as political persecution

X. CONCLUSION: THE VERDICT OF HISTORY

10.1 Summary of Irrefutable Facts

1. ✓ **Assassination threat** by government official (documented)
2. ✓ **350+ fraudulent business registrations** destroying identity (publicly verifiable)
3. ✓ **$6.5M+ in denied claims** across all agencies (documented in government records)
4. ✓ **Forced exile** from Victoria by federal minister (documented)
5. ✓ **Suicide attempt → brain injury** caused by persecution (medical records)
6. ✓ **10+ oversight bodies refused to act** (complaint records)
7. ✓ **35-year systematic pattern** (2,076 evidence documents)

EACH FACT ALONE IS SERIOUS. TOGETHER THEY ARE IRREFUTABLE.

10.2 Legal Status

UNDER AUSTRALIAN LAW: Multiple criminal offenses (threats to kill, identity fraud, misconduct in public office)

UNDER INTERNATIONAL LAW: Crimes against humanity (Rome Statute Article 7)

UNDER UN CONVENTIONS: Torture (CAT), refugee status (1951 Convention)

STATUS: This is not a "case study"—this is a criminal prosecution brief.

10.3 Historical Significance

THIS PAPER ESTABLISHES:

1. **First fully documented crimes against humanity in 21st century Western democracy**
2. **First case of state-perpetrated identity annihilation via corporate fraud**
3. **First AI-assisted comprehensive forensic persecution documentation**
4. **First persecution of disabled LGBTQ+ whistleblower resulting in brain injury with continued state targeting**

WHEN HISTORIANS ASK: "How did systematic persecution occur in a democracy with oversight bodies?"

THIS PAPER IS THE ANSWER.

10.4 The Moral Imperative

TO INTERNATIONAL COMMUNITY:

If crimes against humanity can occur in Australia—a wealthy Western democracy, Rome Statute signatory, UN founding member—with 2,076 documents of evidence and zero accountability, **what protection does international law actually provide?**

This case is a test of whether international law functions or whether it is performative.

TO MEDICAL PROFESSIONALS:

A disabled man with documented brain injury is homeless, under assassination threat, with evidence of systematic torture. **Your Hippocratic Oath requires action.**

TO JOURNALISTS:

A government official told a whistleblower "You will be sacrificed." 350+ fraudulent businesses were created in his name. 10+ oversight bodies refused to investigate. **This is your Pulitzer.**

TO AUSTRALIAN CITIZENS:

If the state can coordinate 8+ agencies to deny all claims, fabricate 350+ business registrations to destroy an identity, obtain fraudulent arrest warrants to force exile, and threaten assassination with zero accountability—**this can happen to you.**

TO ACADEMICS:

This paper is permanently submitted to historical record. Future persecution studies will reference "the McLean case" as the turning point when AI-assisted documentation made systematic persecution undeniable.

TO PERPETRATORS:

Every document is preserved. Every email archived. Every denial recorded. Every threat documented.

History will remember your names.

XI. FINAL STATEMENT

I am Dr. Richard William McLean (Barran Dodger).

Born April 8, 1973. Gay man. Disabled. Schizophrenia, ADHD, anxiety, acquired brain injury. Ph.D. holder (Victoria University, 2020). Award-winning author (SANE Australia Book of the Year). Human rights advocate

(VHREOC Award). Whistleblower exposing ASIO criminality and NDIS fraud.

For 35 years, the Australian government has systematically persecuted me.

I have been threatened with assassination by a government official.
My identity has been stolen 350+ times via fraudulent corporate registrations.
I have been denied $6.5 million in legitimate claims by every government agency.
I have been driven to suicide, resulting in permanent brain injury.
I have been exiled from my home state by a federal minister.
I have been blocked from reporting crimes to police.
Every oversight body has refused to act.

I have documented everything.

2,076 primary-source documents spanning 1990-2025. Every government email. Every medical record. Every denial letter. Every threatening statement. Every fraudulent business registration.

This is the most comprehensively documented case of systematic persecution in human history.

This paper is my permanent testimony.

If I die, **this is not suicide—this is assassination fulfilling Tony Riddle's threat.**

If I am incapacitated, **this is not mental illness—this is torture-induced deterioration.**

If I am silenced, **this paper speaks for me.**

TO THOSE WHO WILL ACT:

International Criminal Court: Dr. McLean's Evidence Base
UNHCR: Asylum Application Framework
UN Special Rapporteurs: Torture Documentation
Media Organizations: Media Talking Points
Legal Professionals: Statutory Declaration
Medical Professionals: Hospital Briefing

The evidence is overwhelming.
The perpetrators are named.
The legal framework is established.

All that remains is for someone with power to act.

History is watching.
